

Submitter: Rosie Sharrard

On Behalf Of:

Committee: House Committee On Climate, Energy, and Environment

Measure, Appointment or Topic: HB2410

I grew up in Eastern Oregon and am strongly opposed to allowing any sort of nuclear facilities to be built in Oregon. We do not have the infrastructure to support nuclear reactors and this bill is aimed at circumventing our previously passed ballot measures. The risks of nuclear are far too high when we have proven green energy technologies readily available to us now.
