

Submitter: Sheena Rupp
On Behalf Of: All Naturopathic Doctors
Committee: House Committee On Behavioral Health and Health
Care
Measure, Appointment or Topic: HB3439

I've had countless encounters with naturopathic doctors over my 42 years. They deserve equal pay and equal rights as doctors. Natural medicine was the first medicine and hasn't been given the respect it deserves. A holistic approach of supporting the bodies natural functions and rather than dampening symptoms is a beautiful thing!
