Committee: House Committee On Housing and Homelessness
Measure, Appointment or Topic: HB3644

Members of the Committee,

217,000,000 to establish another bureaucratic black hole is not acceptable. Homelessness in Oregon has become an industry absorbing taxpayer dollars and solving nothing. The more money you throw at this issue the worse it becomes. At the risk of sounding heartless (which I am not), if you want to reduce the homeless population in Oregon, stop providing all the free products and services and require accountability for any help provided.

Respectfully
