Measure, Appointment or Topic: HB3644

I wholeheartedly approve this bill. Homelessness is a serious, serious problem and must be recognized for what it is. It's an array of those with mental and medical health issues, which includes addiction, domestic violence and those who have been marginalized. I am two paychecks away from homelessness as so many of us are. With the federal government cutting and slashing indiscriminately, we need our state to take the leadership reins and move this forward. Not a day goes by where I'm not proud to say I'm a born and raised Oregonian. Let's keep on keeping on.

Thank you,  
Kathy Anderson Peoples
