Measure, Appointment or Topic: HB3644

I respectfully, but adamantly oppose bill HB 3644. I do not appreciate that our hard earned money is being mismanaged by our state government, then being told that we must foot the bill to make up the "shortfall" of another county. Our state already funnels a ridiculous amount of money towards homelessness, yet it has continued to get worse and these millions of dollars aren't making changes happen. Throwing more of OUR money at a problem will not fix it, obviously, or it would have been fixed already. The actual problem that needs to be addressed to the politicians and bureaucrats that are frivolously spending OUR money with no accountability to the people.

As a citizen of Oregon for nearly 20 years, I am asking that you all respect the people who pay your salaries and listen to us for once. Not just the ones who kiss your feet because your policies and views fully benefit them or their ideals.

Stop adding more and more taxes to us. Stop mismanaging our hard earned money. Stop giving hand outs to everyone who makes poor life choices and expects the government and responsible citizens to take care of them.

If you truly respect and care about your leadership position, you would oppose this bill and hold the others for their "shortfall," mismanagement, and overspending without responsible results.

Oregon already has homeless funding taken care of. Back off our paychecks.
