

Submitter: Sharon Gross

On Behalf Of:

Committee: House Committee On Climate, Energy, and  
Environment

Measure, Appointment or  
Topic: HB3628

We need a Transmission Authority to get much needed transmission systems. There is no Regional Authority to plan, get financing and help get such systems in place. I am very concerned about electricity reliability and want to slow climate change. Such an Authority will address my concerns. Please approve this bill.
