Measure, Appointment or Topic: HB3031

Dear Chair Marsh, Vice-Chairs Andersen and Breese-Iverson, and Committee Members,

I am requesting that you support HB 3031.

Nearly every city in Oregon – large and small – has land the community has already decided is good for housing, yet more homes have not been built on these lands because extensions or upgrades of water and sewer lines, local roads, and sidewalks are expensive and there isn't sufficient funding.

Decades ago, this infrastructure was commonly funded by federal, state, and local funding sources, but those have significantly dwindled. This long-term underinvestment has negatively impacted building the housing Oregonians need.

Investing in these lands now is one of the most important steps the state can take now to unlock parcels within our cities to quickly produce the housing we need, where we need it to be, including places located closer to schools, parks, and stores. This can also avoid expanding urban growth boundaries.

I hope you will quickly pass HB 3031.

Thank you for your consideration,

Jodi Grossman
