

Submitter: Claire Turner

On Behalf Of:

Committee: House Committee On Emergency Management, General
Government, and Veterans

Measure, Appointment or Topic: HB2995

It is long overdue and very important to offer Black American's reparations for historical through current time impacts and economic inequity over generations due to biases in decision-making and lack of opportunities for which they are unquestionably qualified for.

This is also important for the real impact to the rest of us as we acknowledge historical atrocities to our American brothers and sisters that continue to a lesser but real extent to this day.
