And remember that... Remember that.

When it comes up.. I'm going to object to that. You get a copy of why, the censure of a governor is ridiculous.

Pardons are available every rushed plea agreement.

You might spend a month or two waiting but if you do this right, anyone competent can do it. It's not conspiracy because well, there was not a discussion of what, why, or where for example.

Civil can be a service too, where it becomes "criminal" because there's no intent to stop by rogue officials.

Doesn't mean you shouldn't change your mannerisms either.
