

Submitter: Kevin Starrett
On Behalf Of: Rational people who don't want their things stolen
Committee: House Committee On Judiciary
Measure, Appointment or Topic: HB2640

Once again Oregon Democrats are working to increase crime and attack those who actually work for a living.

Aside from the obvious hateful bigotry that would essentially legalize spitting on police, 2640, for all intents and purposes, legalizes theft.

May I suggest that any legislator who supports this insanity invite people into THEIR offices to steal THEIR condoms or THEIR copies of "The Communist Manifesto" and "Rules For Radicals?"

It apparently has never occurred to whoever dreamed up this idiocy, that the stuff you are encouraging people to steal, actually BELONGS to someone.

Oregon is circling the drain and the supporters of this lunacy could not be happier.
