Resources, and Water

Measure, Appointment or Topic: HB2342

I would like to give my support to the ODFW fee package proposal that has been submitted to this Committee. This package will allow for ODFW to continue to gather necessary data for the management and monitoring of our fisheries and wildlife. The cost of gathering this vital data and addressing maintenance needs has only risen and will more than likely continue to go up. All of Oregon's wildlife will benefit from these fee increases but this money comes from a small portion of the population that also contributes to the General Fund. In the future I hope that there will be a way for ODFW to receive additional funding from the rest of Oregonians who value wildlife and will benefit from this fee package.

Thank you,  
Walter Chuck
