Measure, Appointment or Topic: HB2995

This bill is just another way to further divide Oregonians. Oregon was one of the few states that never had slavery and now you want to pay reparations to people who were never slaves by people who never owned slaves. Every nationality/race has had hurdles to overcome . We need to build our state by tackling; veteran homelessness and mental health issues, managing our forests better, fighting hunger, improving education and the real list of real problems goes on. I oppose this bill and urge you to vote no.
