

Submitter: Tereso Robles

On Behalf Of:

Committee: Senate Committee On Judiciary

Measure, Appointment or Topic: SB426

I strongly support this measure my brother was in this situation for months without pay. If it was not for our local that made them accountable he and the rest of the guys would not have gotten paid. My fellow brothers before becoming union members were taken for many days of work with no pay. We work to feed our families and need to be paid for a good days work.
