Measure, Appointment or Topic: HB2965

I am a 3rd generation Oregonian that strongly believes we must protect Oregon's coastal waters from the damage of industrial aquaculture. The scientific data has unequivocally proven that net pen aquaculture of finfish will cause harm to our environment and to the socioeconomic wellbeing of our coastal and fishing communities.

Please vote YES on HB 2985-5 and to prohibit net pen industrial aquaculture in Oregon's pristine marine and estuarine waters.
