

Submitter: Christina Peterson

On Behalf Of:

Committee: House Committee On Agriculture, Land Use, Natural  
Resources, and Water

Measure, Appointment or Topic: HB2965

Please support HB 2965-5. As an Oregonian, it's important to me that we protect Oregon's coastal waters from the harms of industrial aquaculture. It has been scientifically proven that net pen aquaculture of finfish causes environmental and socioeconomic harms. Oregon must prevent an influx of such industrial aquaculture operations that are presently banned or seriously restricted on the rest of the West Coast. Keep our coasts pristine!
