

Submitter: Dan Patterson

On Behalf Of:

Committee: Senate Committee On Veterans, Emergency
Management, Federal and World Affairs

Measure, Appointment SB641
or Topic:

We recently relocated from Central Point Or.

The reason for relocation was a hemp/marijuana operation had moved in across the street from our home of 32 years. The operation was ran by Chinese. Everything needed for the operation was shipped from China and delivered in large shipping containers. The laborers were Chinese from Vancouver BC and Los Angeles. The operation is on EFU land. They erected processing facilities that covered approximately 3 acres. Additionally parking and maneuvering areas covered approximately 4 Ac. Previously this had been an alfalfa field. The property has several empty shipping containers, trucks, equipment that had removed from the processing buildings. There are 2 trailers that are utilized for living quarters. This operation has decreased the value of adjoining properties.

Sincerely,

Dan Patterson
