

Submitter: Dennis Hoerner

On Behalf Of:

Committee: House Committee On Agriculture, Land Use, Natural
Resources, and Water

Measure, Appointment or Topic: HB2965

Please support HB 2965-5. I live in Eugene but often visit various locations along the coast. It is important to me personally as well as environmentally that we protect Oregon's coastal waters from the harms of industrial aquaculture. It has been scientifically proven that net pen aquaculture of finfish causes environmental and socioeconomic harms, and I want Oregon to prevent an influx of such operations now that they are banned or seriously restricted on the rest of the West Coast.
