On Behalf Of:

Committee: House Committee On Agriculture, Land Use, Natural
Resources, and Water

Measure, Appointment or Topic: HB2965

Please support HB 2965-5.

The other states on the West Coast have recognized how harmful net-pen operations are and have either banned or seriously restricted them.

We need to protect Oregon's marine ecosystems from an influx of these operations. Your support will help secure a future where our coastlines remain untouched by the harms caused by industrial aquaculture.

Thank you.

Sincerely,

Sheila Dooley
