

Submitter: David Wall  
On Behalf Of: Mr Oregon OPPOSES SB 218  
Committee: Senate Committee On Energy and Environment  
Measure, Appointment or Topic: SB218

I OPPOSE [SB 218].

Windmills a.k.a. 'Bird Choppers' are not recyclable. Machinery has petroleum-based products. The cabling systems may be recyclable, but will probably be left to rot out at sea.

Federal Funding for Windmills will be nil. President Trump hates them, so does the European Union.

Solar farms are not recyclable, take up high valued farmlands. Cleaning solutions may end up leaking into ground water, creeks, streams, rivers and et cetera.

\*\*\*What is needed are co-generation plants powered by natural gas.

\*\*\*Investment into 'Deep-water' ports to construct Liquid Natural Gas (LNG) Terminals.

David S. Wall  
Mr. Oregon Concurs.
