

Submitter: Amanda Van Buren

On Behalf Of:

Committee: House Committee On Agriculture, Land Use, Natural
Resources, and Water

Measure, Appointment or Topic: HB2965

As a proud Oregonian, I strongly encourage you to SUPPORT HB 2965-5. It's crucial that we safeguard Oregon's coastal waters from the damaging effects of industrial aquaculture. Both history and science make it clear—urgent action is needed to prevent fish escapes and the pollution caused by net pens and cages. Let's protect our waters before it's too late.
