Resources, and Water

Measure, Appointment or Topic: HB2965

I whole heartedly urge you to SUPPORT HB2965-5. Moving to Oregon from the Atlantic Coast 35 years ago, I fell in love with the Pacific Ocean. Please PROTECT Oregon's coastal waters from the myriad harms of industrial aquaculture. The SCIENCE available on this matter implores us to do so. PLEASE ACT NOW to prevent fish escapes and the terrible pollution that results from net pens or cages. CLEAN SAFE WATER is our heritage and OUR FUTURE.

Thank you for SUPPORTING HB2965-5 a creating a positive future for Oregon's coastal waters and it's inhabitants.
