Committee: House Committee On Agriculture, Land Use, Natural
Resources, and Water

Measure, Appointment or Topic: HB2965

As an Oregonian, born and raised here, I sincerely urge you to SUPPORT HB 2965-5. We need to protect Oregon's coastal waters from the harms of industrial aquaculture. Science and history support our side that this is harmful. We need to take action now to prevent fish escapes and pollution that results from net pens and cages.

Thank you,
