

**Testimony to House Committee on Emergency Management, General Government, and Veterans  
Support HB 2949 – Risk Bond Study**

February 27, 2025

Dear Chair Tran, Vice-Chairs Grayber and Lewis, and Members of the Committee,

My name is Dr. Daniel Frye, I organize with MCAT (Mobilizing Climate Action Together), a community of volunteers working to advance a healthy climate and a successful green economy for future generations.

My family and I live in North and Northeast Portland and we would be profoundly negatively affected by a collapse of the Critical Energy Infrastructure (CEI) Hub.

**I am writing today in support of the content of HB 2949**, but I strongly prefer that this content be enacted by its inclusion in HB 3450, the broad strategic vision for the CEI-Hub transition.

Sincerely,

Daniel D. Frye, PhD
