

Submitter: Cecilia Ruiz

On Behalf Of:

Committee: House Committee On Behavioral Health and Health  
Care

Measure, Appointment or Topic: HB3439

Denying ND's equal pay is wrong and makes it an inaccessible choice for Oregonians. The people of Oregon deserve to choose the best care that fits their lifestyle, and the doctors providing that care deserve to be fairly paid. Much is happening in this world, and equitable pay can be our first step toward the equitable and just country we all deserve.
