or Topic:

I absolutely approve Senator Daniel Bonham's work to ban China from owning Oregon land or operating Oregon land. Those of us who work hard to keep this state beautiful and productive can't be constantly fighting those in our Capitol who consistently undermine their own constituents. Bonham is working hard to protect Oregonians who farm and ranch, to provide food to those all over this country. But we can't continue to do that when China, or other countries, buy up our state lands to undermine what hard working folks do in this state. Be Better! Support Oregonians and our state lands.
