Measure, Appointment or Topic: HB2995

I am opposed to this bill, I feel it would cause more harm than good and further divide our state, while trying to decide who does and does not qualify. Furthermore, there are more recent cases of injustice towards other races than black slavery. There have been people of all races and colors enslaved, do we discuss giving reparations to all of them? It would be a never-ending cycle of reparations going back and forth. Where does it end?
