Government, and Veterans

Measure, Appointment or Topic: HB2995

I am writing to you in favor of establishing a Task Force on Reparations. I am asking you to direct the task force to study and develop proposals for financial and nonfinancial reparations for Oregonians of African American descent, develop appropriate methods for educating the public about the task force's finding and recommend appropriate remedies based on the task force's findings. Black Oregonians have faced unique struggles that need to be officially researched more and the harm should be repaired as much as possible. Please approve this bill and continue fighting for racial equity in our state!
