Measure, Appointment or Topic: HB2965

Please support HB 2965-5. As an Oregonian and a retired nature photographer who appreciates our state's exceptional natural beauty and resources, it's vitally important to me that we protect Oregon's coastal waters from the harms of industrial aquaculture. Science shows that open aquaculture on finfish causes environmental and socioeconomic harms and such operations are banned or seriously restricted on the rest of the West coast.

Protect our precious coastal environment!

Thank you
