Committee: House Committee On Agriculture, Land Use, Natural  
Resources, and Water

Measure, Appointment or Topic: HB2965

Net-pen aquaculture of finfish is banned or significantly restricted on much of the West Coast due to the environmental and socioeconomic harms that it has been scientifically proven to cause. As an Oregonian, I feel it is crucial that Oregon acts to prevent an influx of such operations with their attendant harms. Please support HB 2965-5. Thank you.
