Committee: House Committee On Agriculture, Land Use, Natural
Resources, and Water

Measure, Appointment or Topic: HB3103

Dear Co-Chairs Helm and Owens, and Members of the Committee,

I oppose House Bill 3103 and its amendments. This timber industry bill undermines the state forest habitat conservation plan and would result in more clearcuts, more lawsuits, less habitat for salmon and wildlife, and less carbon storage. Climate change is here and allowing more clearcuts goes against every effort to slow climate change. We need ODF to be able to implement their Climate Change and Carbon plan instead.

I urge you to oppose this bill. Instead, I encourage this committee to focus on measures that would increase carbon storage in our state forests and safeguard our public resources for our children and future generations.

Please don't let this bill pass out of committee.

Sincerely,

Kristin Gross
