Committee: House Committee On Early Childhood and Human Services

Measure, Appointment or Topic: HB3224

With the increase of illegals into our sanctuary state, many which are criminals the prohibition of criminal history checks needs to be removed for the safety of others. This bill will either expand background checks to the maximum level infringing on privacy of personal information when not needed or if reduced to its lowest level it could increase risk.

This is not a case of one law fits all circumstances therefore this bill is a waste of time.
