

Submitter: Pamela Lewis
On Behalf Of: Self
Committee: House Committee On Emergency Management, General
Government, and Veterans
Measure, Appointment or Topic: HB2995

I am a registered nurse and adoptive parent of 9 hard-to-place African-American children who are now socially appropriate adults.

I do not approve spending tax dollars on developing more government bureaucracy over an issue that points out differences in populations rather than supports patriotism, good citizenship, high standards in academia and parenting skills.

Let us support common sense tax spending and life style.

Regards,
Pam Lewis
