Measure, Appointment SB641
or Topic:

I am writing to support SB 641 to ban Chinese ownership of Oregon farmland. Very simply, productive farmland is a vital natural resource that is critical for our national security. We should not allow ANY foreign nation or foreign national to own resources critical to national security.

Further, 1- China is not an ally. They don't have the best interests of the US in mind when they seek to purchase land or other resources. 2-Americans and American companies are not allowed to purchase Chinese farmland or natural resources.

Let's wise up. Please pass SB 641 and protect Oregon's future.
