

Submitter: Tami Widmer

On Behalf Of:

Committee: House Committee On Behavioral Health and Health
Care

Measure, Appointment or
Topic: HB3439

To Whom It May Concern,

As a patient of a naturopathic Dr (and friend to other naturopaths) I have experienced, first hand, the quality of care and attention from naturopathic care that surpasses other primary care Drs. It is not just reasonable, but necessary for naturopaths to be paid fairly.
