

Submitter: Robert Egner
On Behalf Of: Voting Citizen and Tax payer
Committee: Senate Committee On Finance and Revenue
Measure, Appointment or Topic: SB382

I support this bill because we need to do all we can to cut costs of medical and medication. We already pay more than most nations because of our insurance providers and big pharma. They are hurting Americans while cashing in on their illnesses. It's cheaper for them and they make more if they prescribe a pharmaceutical than it is to properly treat and cure. Our medical system needs a complete overall.
