Measure, Appointment or Topic: HB3103

House Bill 3103 as amended would weaken protections for Oregon's state forests. This bill would require the Department of Forestry (ODF) to establish a timber harvest rule that prioritizes logging over habitat, clean water, fish and wildlife, and recreation. And it threatens to halt the implementation of the state forest Habitat Conservation Plan (HCP) that we have fought so hard for. HB 3103 is a destructive give-away to the timber industry.
