

Submitter: marcia rodine

On Behalf Of:

Committee: House Committee On Agriculture, Land Use, Natural
Resources, and Water

Measure, Appointment or Topic: HB3103

I oppose HB 3103 because it defeats our natural way of limiting climate change.

Trees take in CO 2

which is increasing on the earth. Trees protect our waterways ways from drying and create habitat for wildlife and fish. Our forests are drying and leaving clear cuts only adds to that.

Thank you for considering this.

Marcia Rodine
