

Submitter: Gary Blanchard

On Behalf Of:

Committee: House Committee On Agriculture, Land Use, Natural
Resources, and Water

Measure, Appointment or Topic: HB3103

It is critical to the residents of Oregon that timber continues to be harvested on all timberlands in the state including State of Oregon lands. Sustainable levels of harvest are easy to accomplish by allowing forest professionals to inventory and manage the land. Actively managed forest land is less susceptible to fire and other damaging influences.

Please support HB 3103.

Thank you,

Gary Blanchard
