Is it legal or lawful to use taxpayer money to fund abortions and euthanasia?
Especially when the tax payer has no choice in how tax monies are spent.

"All persons born or naturalized in the United States, and subject to the jurisdiction thereof, are citizens of the United States and of the State wherein they reside. No State shall make or enforce any law which shall abridge the privileges or immunities of citizens of the United States; nor shall any State deprive any person of life, liberty, or property, without due process of law; nor deny to any person within its jurisdiction the equal protection of the laws."

I most strongly abhor SB 1003 for if put into the color of law it allows others to kill "in the name of compassion". Who gets to decide? We have in place the practice of hospice that help people live more comfortably until the end. Perhaps funding to better that practice might be better. That the Government of Oregon takes my taxes to kill people is so wrong. Let's stop the killing of the inconvenient persons.
