

Submitter: Mary Lou Emerson

On Behalf Of:

Committee: House Committee On Agriculture, Land Use, Natural
Resources, and Water

Measure, Appointment or Topic: HB3103

Please oppose HB 3103 as it would undermine a balanced approach to Oregon and Washington forests. The timber industry model and environmental protections need to be weighted evenly so that a healthy habitat is protected for all species--clean water, clean air free of herbicides that harm all living beings. Give nature a chance to thrive sustainably.

Sincerely,
Mary Lou Emerson
