Committee: House Committee On Agriculture, Land Use, Natural
Resources, and Water

Measure, Appointment or Topic: HB3103

I oppose HB3103. Oregon's publicly-owned forests should be real forests not just tree farms for the industry. There is so much private "timberland" in Oregon that has been converted to tree farms and are no longer forests. This is not sustainable, Our state-owned forests must be managed as forests that include habitats, watershed protection, and intact ecosystems. The timber industry already has enough. Vote NO on HB3103.
