

Submitter: Jeff Baldwin

On Behalf Of:

Committee: House Committee On Agriculture, Land Use, Natural
Resources, and Water

Measure, Appointment or Topic: HB3103

Sustainable does not mean "to keep doing what we have been doing". This Bill strips value from our State in order to provide profit to the loggon industry. Our forests - globally, our mosrt effective terrestrial carbn sequestration ecosystem - are already stressed by climate change. Extending logging into older forests puts us on a path towards poorer lives for all, excpt the owners of logging operations. Please stop this Bill and protect our threatened mature forests.
