Measure, Appointment or Topic: HB3103

Oregon's forests aren't just trees, they're our legacy! I am writing as a concerned Oregonian, urging you to please reject House Bill 3103. This bill is a step towards reckless logging for short-term profit. HB 3103 would force the Department of Forestry to log OUR public forests at reckless and unsustainable levels. Our forests serve us all -- providing clean water, a habitat for wildlife, and recreation and wellness spaces for current and future generations to come. Let's keep our forests for everyone, not for unchecked logging. I expect our representatives to stand up for Oregonians and our environment, not cave to the demands of timber executives seeking bigger profits.

Do the right thing and reject HB 3103.
