On Behalf Of:

Committee: House Committee On Agriculture, Land Use, Natural
Resources, and Water

Measure, Appointment or Topic: HB3103

I am testifying in opposition to House Bill 3103 and its amendments, and I urge you NOT to let this bill pass out of committee. HB3103 and its amendments undermine our state forest habitat conservation plan and would result in more clearcuts, less habitat for salmon and wildlife, and less carbon storage.

I urge the committee to focus instead on measures that will increase carbon storage in our state forests and safeguard our public resources for our children and future generations.

Respectfully submitted,
