On Behalf Of:

Committee: Senate Committee On Energy and Environment

Measure, Appointment or Topic: SB88

Dear Chair Sollman, Vice-Chair Brock Smith, and Members of the Committee,

My name is Brandon Larrabee, and I live in Siletz Oregon and I am writing because I'm concerned that corporations are recording record profits and still passing cost increases along to the customer. Us as individuals should not continually suffer bill increases while fat cat CEO's are buying up our public land. Our quality of life is suffering at the hands of greedy corporations who only care for profit and not people I support SB 88 to make sure that advertising, legal, and lobbyist fees come out of company profits, not ratepayer pockets.

I support SB 88 because:

When I lived in Albany my bill increased back to back years for a total of close to 100 dollars. All while recording record profits and not providing any better or safer of a service.

Its the nature of capitalism of companies trying to get more out of the consumer and the governments job to make sure consumers are protected.

Please support the people that elect you and not the corporations that continually extract from the working class.

I'll pay for my heat but i shouldn't be paying for lobbyist and for profit actions taken by any utility company....

I urge you to support SB 88 because it will protect your constituents.

Sincerely,
Brandon Larrabee
Siletz, Oregon
