Measure, Appointment or Topic: HB3103

Please reject House Bill 3103. It would force the Department of Forestry to log our public forests at reckless and unsustainable levels. Oregon's wilderness and wildlife is one of my favorite parts about living in Oregon, and we need to make clear that these lands must be managed for clean water, wildlife, recreation, and future generations—not just logging. Please stand up for our environment and please don't just cave to the demands of timber executives seeking bigger profits.

I urge you to reject HB 3103.
