Resources, and Water

Measure, Appointment or Topic: HB3103

Please do the right thing and reject House Bill 3103, which would force the Department of Forestry to unsustainably overharvest our public forests.

It's critical to the future of Oregon that our leaders stand up for our environment, not give in to the demands of corporations and timber executives who only care about bigger profits.

The State Forest HCP was developed with years of public input, and the courts have upheld Oregon's right to manage these forests for multiple benefits (County of Linn v. State of Oregon).

Oregon's state forests are meant to serve all of us. That means multiple use. These lands must be managed for clean water, wildlife, recreation, and future generations—not just logging.

Please reject HB 3103.
