Measure, Appointment or Topic: HB3103

Yes, this is a form letter, but I am in opposition of House Bill 3103, so add this to the "strenuously objects" column as I urge you to reject House Bill 3103, which would force the Department of Forestry to log our public forests at reckless and unsustainable levels.

Oregonians expect their leaders to stand up for our environment, not cave to the demands of timber executives seeking bigger profits.

The State Forest HCP was developed with years of public input, and the courts have upheld Oregon's right to manage these forests for multiple benefits (County of Linn v. State of Oregon).

Oregon's state forests are meant to serve all of us. Now is the time to make it clear that these lands must be managed for clean water, wildlife, recreation, and future generations—not just logging.

Please reject HB 3103, because it's getting so crazy out there, that I can't believe fellow human beings can be so calloused and misinformed unless they are personally profiting from these sorts of decisions and also have no humanity left beyond their greed.
