Committee: House Committee On Agriculture, Land Use, Natural
Resources, and Water

Measure, Appointment or Topic: HB3103

Please vote against House Bill 3103, which would force the Department of Forestry to log our public forests at reckless and unsustainable levels. If you believe that your children and all future generations should be able to enjoy Oregon's beautiful forests and breathe clean air, you must vote no.

Oregon's state forests are meant to serve all of us. Now is the time to make it clear that these lands must be managed for clean water, wildlife, recreation, and future generations—not just logging.

Please reject HB 3103.
