Committee: House Committee On Agriculture, Land Use, Natural
Resources, and Water

Measure, Appointment or Topic: HB3103

I am a teacher at Lane Community College in Eugene, Oregon.

I STRONGLY oppose this bill because I am deeply concerned about our climate future, and the future of my students.

This bill would prevent ODF from implementing its Climate Change and Carbon Plan.

When will our leadership actually protect our future? Responsible logging is part of Oregon's culture, but this bill does NOT represent responsible logging. HB 3103

- would compel more clearcuts on public land

- is unnecessary. ODF has a solid track record of meeting harvest goals

- establishes prioritizes logging over habitat, clean water, fish and wildlife, and recreation.
